**This week at the International School, write about your life at the weekend.**

Hello again! I'm Rosmary, and I love the topic this week. I think my life at the weekend is similar to my friends' lives. I've got a twin sister, Lidia. She's a student at the International School, too, but she's in 7B.

There's a garden at home, so we are always in the garden at weekends. We read books, we listen to music, we have lunch there, but we never play sports. We don't like sports. We've got bikes, but we don't use them.

There are two TVs in our house, one in our bedroom and the other one in my parents' bedroom, so we don't watch TV on Saturdays or Sundays. Well, sometimes in the evening. We have a lot of homework, but we do our homework during the week, so no homework at the weekend. Sometimes we study, especially when there's a test on Monday. Luckily, that's not very frequent. What about you? Let's see!

**2** Read again and tick (✓) the activities described.
